SUMMARY

Hey, Myself Abhishek Dubey a Creative and detail-oriented Full Stack Web Developer with a strong foundation in modern web technologies, including React, JavaScript, and Tailwind CSS. Skilled in building responsive, user-centric applications with clean, maintainable code and sleek, modern designs. Experienced in full development cycles — from frontend styling to backend integration and database management. Passionate about continuous learning and delivering high-performance, scalable web solutions.

PROJECT

PROJECT-1 EMPLOYEE MANAGEMENT SYSTEM

- Designed and developed the frontend of an Employee Management System using React and Tailwind CSS. Implemented CRUD operations, responsive layouts, and data visualization using charts. Focused on clean UI/UX and deployed the app via Vercel.

PROJECT-2 PORTFOLIO

- Built a responsive portfolio website using React and Tailwind CSS to showcase my projects, skills, and contact details. Features include smooth navigation, animated sections, and a modern UI. Deployed on Vercel for fast performance.
